

Regional Environmental Centre For The Caucasus

Description

REC Caucasus has been established:
to serve environmental stakeholders within and outside the South Caucasus region: national and local governments, NGOs, media, business, local communities, science, international community, teachers, students, children, etc;
to contribute to the improvement of the Caucasus environment by facilitating introduction and implementation of global, European, regional and national environmental policies;
to provide a gateway for dialogue, networking and cooperation among environmental stakeholders and partners at global, regional, national and local levels
